

STUDENT TRANSPORTATION IN PRIVATE VEHICLES**MSAD 55****PARENTAL PERMISSION FOR ALTERNATIVE TRANSPORTATION
OF STUDENT FOLLOWING EXTRA CURRICULAR EVENT**

All students participating in away extra curricular events must return to the District in the District bus unless this form is signed by the student's parent(s)/legal guardian(s).* The District will permit students to take alternative transportation only when this permission form is signed by a parent or guardian and received in the principal's office on or before the date of the activity. Alternative transportation will not be allowed on the basis of verbal communication.

If this authorization is signed, the student will be released from District supervision at the conclusion of the event. The District does not and cannot take responsibility for ensuring that the student rides in the particular vehicle authorized by the parent(s)/legal guardian(s). Accordingly, parent(s)/legal guardian(s) take full responsibility to ensure that their sons or daughters in fact ride home with the person(s) whom they have authorized and that the alternative transportation is safe and appropriate.

*Parent and/or legal guardian does not have to sign this authorization and release form to transport their own child or children.
